

Home Banking E-Alerts

The E-alerts Module was designed to give the Credit Union membership a way to track personal finance information using different forms of electronic communication. The CU member will be able to add, edit and delete E-Alerts via Home Banking while receiving the alerts through email or text message. The outline below describes the process.

Members will enter into Home Banking and access E-Alerts via a tab at the top of their home page

After selecting the E-Alerts tab the member will be given the option to add 7 different types of alerts. The types are listed below.

There are no active Alerts. Click on the Add button below to create one.

Add New:

- Select Alert Type
- Balance
- Check Cleared
- Loan Payment
- Maturity Date
- Periodic Balance
- Personal
- Transaction

You then highlight the alert type that you wish to add and select the add button.

Add New:

Depending on the type of alert you select you will get a different set options.

Below is an example of a Balance Alert.

Balance Alert

Account:

Notify Me: When my balance is

Message:

120 characters remain

Alert using available balance instead of current balance

Include the account balance in the alert.

Email Address: [Text message alert](#)

Below is an example of a Transaction Alert

Transaction Alert

Account:

Transaction Description Contains:

Only alert me when the amount is between and

Search: Deposits Withdrawals Both

Message:

120 characters remain

Include the transaction amount in the alert.

Include the account balance in the alert

Email Address: [Text message alert](#)

The 5 other alerts are all similar in structure. After selecting any of the Alert Types you will be prompted to enter in the parameters on which you will receive the alert.

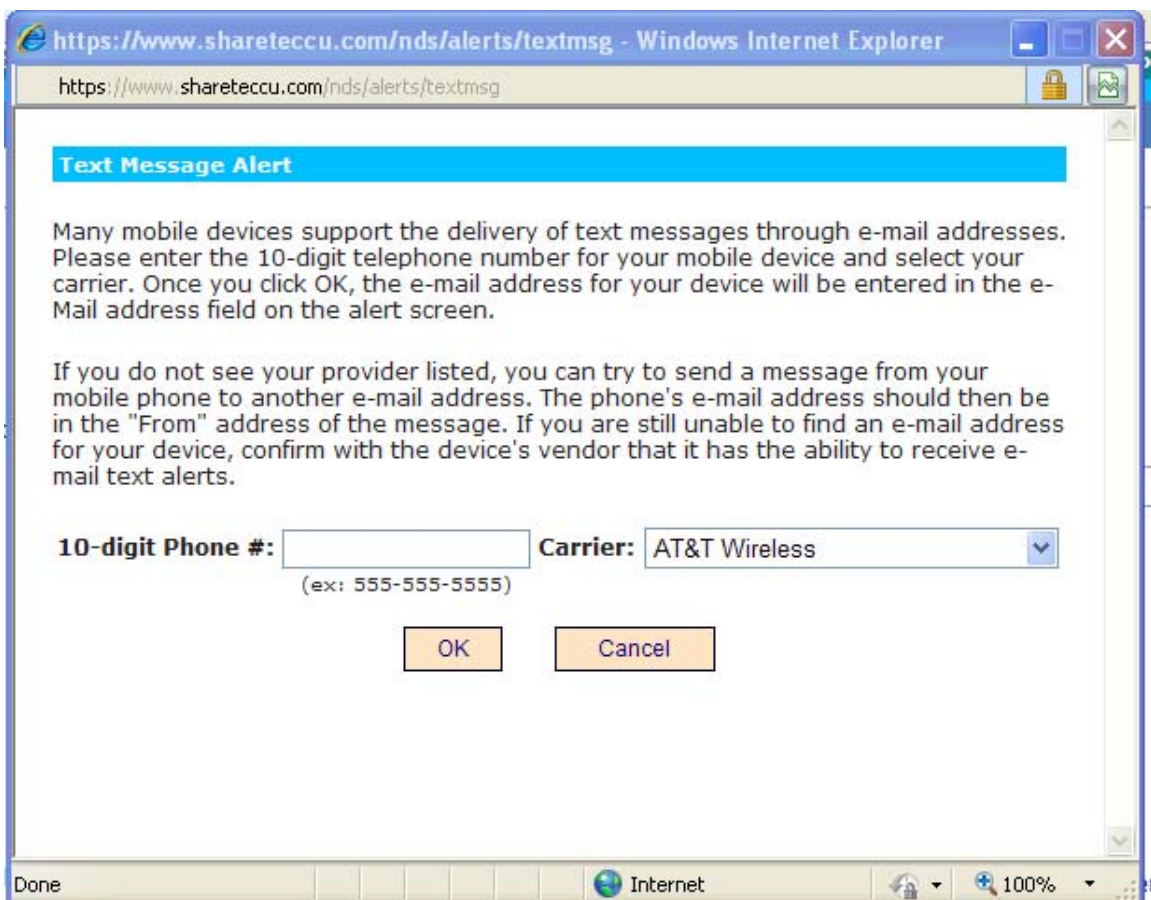

The default location to send the E-Alert is the email that the member has on file. The member has the ability to change this email address.

Email Address: [Text message alert](#)

The member has the choice to send their alerts to their cell phone via text message by selecting the Text message alert option highlighted below.

Email Address:

When selecting the text message alert option the member will be prompted to add their phone number and select a wireless carrier. Select OK to continue.

When the member has completed entering the parameters of the alert they can select save for it to become active.

Transaction Alert

Account: Share Savings Account

Transaction Description Contains: Bath Iron Works

Only alert me when the amount is between and

Search: Deposits Withdrawals Both

Message:

91 characters remain

Include the transaction amount in the alert.

Include the account balance in the alert

Email Address: [Text message alert](#)

The alert can then be edited or deleted at the member's discretion. .

Action	Account Information	Type	Message	Alerted On
<input type="button" value="Edit"/> <input type="button" value="Delete"/>	Share Savings Account	Transaction	My Direct Deposit has come in
